ONE CONNECTED CITIZEN JOURNEY

Opportunity should not depend on navigating disconnected systems.

Inua Africa links the institutions surrounding a citizen – government, employers, training providers, financial institutions and development partners – through one interoperable digital layer.

1. **Skills** — Build relevant capabilities
2. **Credentials** — Verify achievement and readiness
3. **Jobs** — Connect people to demand
4. **Enterprise** — Launch and strengthen MSMEs
5. **Finance** — Unlock payments and capital
6. **Services** — Reach government and health support
7. **Impact** — Measure economic progression

Starting with Kenya. Built for Africa.

ONE AFRICA BRIGHTER TOMORROW

THE COALITION

A practical invitation to build together

Inua Africa provides the platform and orchestration layer. Anchor partners contribute institutional strength, reach and accountability.

WE ARE SEEKING

1. **Government champion**
   Align the pilot to national and county priorities.
2. **Technology partner**
   Enable cloud, responsible AI and digital capacity.
3. **Financial partner**
   Power compliant payments and inclusive finance.
4. **Employer network**
   Create real pathways into jobs and enterprise.
5. **Research partner**
   ign baseline, evaluation and policy evidence.
6. **elopment capital**
   d delivery, inclusion and scale readiness.
